UPDATES

Several changes were made to the analysis and or data source used for several indicator during the FFY16 (2016-2017) reporting period. Individual changes are outlined below.

Indicator B8

In FFY16, the State moved from a sampled survey to a census of all parents. The decision to move to a census was largely the result of attempted alignment with the legislated requirement to include results of parent surveys into State recognized Attendance Center Rankings. The State was unable to complete the Attendance Center Rankings survey by the deadline for collection for the 2016-2017 school year. For FFY16, a pilot of a single question was distributed by all districts in the state to parents of all students they serve.

Baseline was adjusted to FFY16 data. Targets will be adjusted when integration with the Attendance Center Rankings Survey is achieved.

Indicator B9

In FFY16, the State made changes to the agency held responsible for Indicator B9. Historically, Area Education Agencies (AEAs) were held accountable for this measure. The decision was made to hold districts accountable for this measure in order to better align with new disproportionality regulations for CEIS.

Baseline was adjusted to FFY16 data. Adjustments to targets were not necessary as this is a compliance indicator and the target must be 0%

Indicator B13

In FFY16, OSEP approved, and the State implemented, a revised sampling plan. Beginning in FFY2016, a random sample, stratified by building, will be pulled for all districts in Iowa every three years. IEPs will be randomly selected at the district level from the population of students with disabilities ages 14 and older in districts in the self-assessment year of Iowa's school improvement cycle. (Please note that Iowa Code requires that transition planning begin by age 14, rather than age 16, as stipulated by IDEA.) Sample size is determined using an 80% confidence interval with a margin of error of +/-10%. The sample is drawn with stringent confidence intervals because of the magnitude of decision-making based on the data. The sample is drawn to ensure representativeness. Responses are later assessed to validate the sample on representativeness by age, race and gender. (Please note that Iowa does not collect information on disability category). Subsequent samples for years two and three of the cycle will be drawn using the same procedure.

Baseline was adjusted to FFY16 data. Adjustments to targets were not necessary as this is a compliance indicator and the target must be 100%.

Indicator B14

In FFY16, the State moved from a sampled survey of former students to utilizing data available from National Student Clearinghouse and Iowa Workforce Development to obtain population data. The newly adopted method for obtaining data resulted in capturing information for all of the students who exited and went on to post-secondary education or workforce in Iowa.

Baseline was adjusted to FFY16 data. Issues with contracting for National Student Clearinghouse data resulted in not being able to complete the data analysis before the reporting deadline. Targets will be discussed with stakeholder groups and adjusted for FFY17 reporting period.

Grinnell-Newburg Community School District (2709) Profile
Iowa FFY 2018 (2018-2019)
Individuals with Disabilities Education Act (IDEA) Part B

Indicator B1: Percent of students with IEPs graduating from high school with a regular diploma in four years or less.

Data source: SRI

Data Range: FFY 2013 (2013-14) - FFY 2018 (2018-19)

* Data has been masked to protect the identity of students using one of the following criteria:

- 1) Fewer than 5 students were reported in a grade or standard
- 2) All students were reported in a single performance category

Note: The data for Indicator B1 lag one year. This means that the data reported for FFY 2018 (2018-19) were collected during the 2017-18 school year.

Grinnell-Newburg Community School District (2709) Profile
Iowa FFY 2018 (2018-2019)
Individuals with Disabilities Education Act (IDEA) Part B

Indicator B1: Percent of students with IEPs graduating from high school with a regular diploma in four years or less compared to the number of students graduating from high school in five years or less.

Data source: SRI

Data Range: FFY 2013 (2013-14) - FFY 2018 (2018-19)

* Data has been masked to protect the identity of students using one of the following criteria:

- 1) Fewer than 10 students were reported in a grade or standard
- 2) All students were reported in a single performance category

Note: The data for Indicator B1 lag one year. This means that the data reported for FFY 2018 (2018-19) were collected during the 2017-18 school year.

Grinnell-Newburg Community School District (2709) Profile
Iowa FFY 2018 (2018-2019)
Individuals with Disabilities Education Act (IDEA) Part B

Indicator B2: Percent of students with IEPs dropping out of high school.

Data Source: IMS

Data Range: FFY 2013 (2013-14) - FFY 2018 (2018-19)

* Data has been masked to protect the identity of students using one of the following criteria:

- 1) Fewer than 10 students were reported in a grade or standard
- 2) All students were reported in a single performance category

Note: The data for Indicator B2 lag one year. This means that the data reported for FFY 2018 (2018-19) were collected during the 2017-18 school year. The US Department of Education/Es Office of Special Education Programs defined the measurement for Indicator B2. The numerator is the number of students who dropped out. The denominator is the sum of (a) graduated with a regular high school diploma, (b) received a certificate, (c) reached maximum age, (d) dropped out, or (e) died.

SPED 7.2 - Special Education District Profile Reports - Report Definition

REPORT PURPOSE

The Special Education District Profiles Report allows users to display district-level data on many of the special education indicators that are required based on Iowa's State Performance Report that is required by the Office of Special Education Programs (OSEP) under the Individuals with Disabilities Act (IDEA) of 2004. Annual outcomes and targets are displayed graphically for each indicator.

WHAT DATA ARE INCLUDED / WHAT DATA ARE EXCLUDED

This report contains longitudinal district-level data, state-level data, and annual targets for the following indicators. Please note that this report must be run based on the federal fiscal year, which then corresponds to a particular school year. For example the FFY 2018 district profile corresponds to the 2018-2019 school year. The SPED 7.2 Report uses data reported via Student Reporting in Iowa (SRI) data submissions and information from the Special Education Information Management System (IMS).

- B1 – Graduation
- B2 – Dropout
- B3B – State Assessment Participation
- B3C – State Assessment Performance
- B4A – Suspensions and Expulsions
- B4B – Suspensions and Expulsions by Race/Ethnicity
- B5 – Least Restrictive Environment 6-21
- B6 – Least Restrictive Environment 3-5
- B7 – Early Childhood Outcomes
- B9 – Disproportionality
- B13 – Secondary Transition on IEP
- B14 – Secondary Transition One Year Out

TARGETS AND THRESHOLDS

For indicators which have a target, the desired data is at or above that set number. For indicators which have a threshold, the desired data is at or below that set number. Targets of 100% and thresholds of 0% are set by the federal OSEP.

DATA CALCULATIONS

The calculations for each indicator are documented in detail in the state's State Performance Report. A summary of these calculations is below:

- B1 – Title 1 Cohort Graduation Rate = $[(FG + TIG) / (F+TI-TO)] * 100$
- B1 – Extended Graduation Rate = $[(FG5 + TIG) / (F5 + TI - TO)] * 100$
 - FG = First-time 9th grade students in fall of 2014 and graduated in 2018 or earlier
 - FG5 = First-time 9th grade students in fall of 2013 and graduated in 2018
 - TIG = Students who transferred in grades 9 to 12 and graduate in 2018 or sooner
 - F = First-time 9th grade students in fall of 2014
 - F5 = First-time 9th grade students in the fall of 2013
 - TI = Transferred in the first-time 9th graders' cohort in grades 9 to 12
 - TO = Transferred out (including emigrates and deceased)
- B2 - The numerator is the number of students with an IEP who exited special education due to dropping out. The denominator is the sum of students with an IEP that (a) graduated with a regular high school diploma, (b) received a certificate, (c) reached maximum age, (d) dropped out, or (e) died.
- B3B – Participation Rate Percent = $(\# \text{ students with IEPs participating in the assessment in a particular grade} / \# \text{ students with IEPs enrolled during the testing window in a particular grade, calculated separately for reading and math}) * 100$
- B3C – Proficiency Rate Percent = $(\# \text{ students with IEPs enrolled for a full academic year scoring at or above proficient in a particular grade} / \# \text{ students with IEPs enrolled for a full academic year in a particular grade, calculated separately for reading and math}) * 100$
- B4A – Long-term Suspension/Expulsion Rate = $(\# \text{ students with IEPs, age 6-21} / \# \text{ students with IEPs, age 6-21, suspended or expelled for more than 10 days}) * 100$
- B4B – Long-term Suspension/Expulsion Rate by Race/Ethnicity = $(\# \text{ students with IEPs in the racial/ethnic category, age 6-21} / \# \text{ students with IEPs in the racial/ethnic category, age 6-21, suspended or expelled for more than 10 days}) * 100$
- B5A – Inside regular class 80% or more of the day percent = $\# \text{ students with IEPs, age 6-21, served inside the regular class 80\% of more of the day} / \# \text{ students with IEPs, age 6-21}) * 100$
- B5B – Inside regular class less than 40% of the day percent = $\# \text{ of students with IEPs, age 6-21, served inside the regular class less than 40\% of the day} / \# \text{ students with IEPs, age 6-21}) * 100$
- B5C – Served in other placements percent = $\# \text{ of students with IEPs, age 6-21, served in separate schools, residential facilities, or homebound/hospital placements} / \# \text{ students with IEPs, age 6-21}) * 100$
- B6A – Attending a regular early childhood = $(\# \text{ of children with IEPs, age 3-5, attending a regular early childhood program and receiving the majority of special education and related services in the regular early childhood program} / \# \text{ of children with IEPs, aged 3-5}) * 100$
- B6B – Attending and receiving services in a separate school or residential facility = $(\# \text{ of children with IEPs, age 3-5, attending a separate school or residential facility} / \# \text{ of children with IEPs, aged 3-5}) * 100$
- B7 – Early Childhood Outcomes is comprised of six summary statements in three areas. The following categories are used to calculate the summaries:
 - a = # of preschool children who did not improve functioning
 - b = # of preschool children who improved functioning but not sufficient to move nearer to functioning comparable to same-aged peers
 - c = # of preschool children who improved functioning to a level nearer to same-aged peers but did not reach it
 - d = # of preschool children who improved functioning to reach a level comparable to same-aged peers
 - e = # of preschool children who maintained functioning at a level comparable to same-aged peers
- B7A, Summary Statement 1 – Percent of preschool children substantially increasing rate of growth of social-emotional skills = $[(c + d) / (a + b + c + d)] *$

SPED 7.2 - Special Education District Profile Reports - Report Definition

100

- B7A, Summary Statement 2 – Percent of preschool children functioning within age expectations for social-emotional skills by the time they turned 6 years of age or exited the program = $[(d + e) / (a + b + c + d + e)] * 100$
- B7B, Summary Statement 1 – Percent of preschool children substantially increasing rate of growth of acquisition and use of knowledge and skills = $[(c + d) / (a + b + c + d)] * 100$
- B7B, Summary Statement 2 – Percent of preschool children functioning within age expectations for acquisition and use of knowledge and skills by the time they turned 6 years of age or exited the program = $[(d + e) / (a + b + c + d + e)] * 100$
- B7C, Summary Statement 1 – Percent of preschool children substantially increasing rate of growth of use of appropriate behaviors to meet their needs = $[(c + d) / (a + b + c + d)] * 100$
- B7C, Summary Statement 2 – Percent of preschool children functioning within age expectations for use of appropriate behaviors to meet their needs by the time they turned 6 years of age or exited the program = $[(d + e) / (a + b + c + d + e)] * 100$
- B9 – Percent of districts with disproportionate representation of racial and ethnic groups = (# of districts with disproportionate representation of racial and ethnic groups in special education / total # of districts in the State).
- B13 – Percent of youth aged 14 and above with an IEP that includes appropriate, measurable postsecondary goals that are annually updated and age appropriate = (# of youth aged 14 and above with an IEP that includes appropriate, measurable postsecondary goals that are annually updated and age appropriate / # of youth aged 14 and above with an IEP) * 100
- B14 – Postsecondary One Year Out is comprised of three sub-indicators. The following categories are used in calculating each sub-indicator:
 - a = # of youth who are no longer in secondary school, had IEPs in effect at the time they left school, and were enrolled in higher education within one year of leaving high school
 - b = # of youth who are no longer in secondary school, had IEPs in effect at the time they left school, and were competitively employed within one year of leaving high school
 - c = # of youth who are no longer in secondary school, had IEPs in effect at the time they left school, and were in some other post-secondary education or training program within one year of leaving high school
 - d = # of youth who are no longer in secondary school, had IEPs in effect at the time they left school, and were in some other employment within one year of leaving high school
- B14A – Percent enrolled in higher education = $(a / \# \text{ of respondent youth who are no longer in secondary school and had IEPs in effect at the time they left school}) * 100$
- B14B – Percent enrolled in higher education or competitively employed = $[(a + b) / \# \text{ of respondent youth who are no longer in secondary school and had IEPs in effect at the time they left school}] * 100$
- B14C – Percent enrolled in higher education, or in some other post-secondary education or training program; or competitively employed, or in some other employment = $[(a + b + c + d) / \# \text{ of respondent youth who are no longer in secondary school and had IEPs in effect at the time they left school}] * 100$

REPORT USES

The data in this report can be used by districts and AEAs to monitor progress over time on indicators and evaluate whether or not targets are being met. The data in this report is used by the State to make annual district determinations, which may result in required action plans.

REPORT SECURITY

Users must be at the district, AEA, or state-level to run this report. Data on this report may be redacted for users who do not have small cell size access at their native location, or who run this report for a location to which they are not assigned.

EXPORT TO MICROSOFT EXCEL OR ADOBE READER

This report may be exported to Microsoft Excel or Adobe Reader using Cognos View options found in the upper right hand corner of the report display.

In some cases, Microsoft Internet Explorer may require modification to security settings to permit the Excel application to launch.

In Internet Explorer, select:

- 1) 'Tools' from the menu bar
- 2) Internet Options
- 3) Security
- 4) Highlight Local Intranet
- 5) After highlighting, click on sites
- 6) In pop-up box, click on 'Advanced'
- 7) Enter the EdInsight site into zone; Click 'Add'
- 8) Click 'OK'
- 9) Close out browser
- 10) Try exporting to Excel
